Concertina Doors

How to Measure

Use a metal tape measure to measure the **Internal Width** and **Height** of the doorway/opening.

Select door type to best suit application.

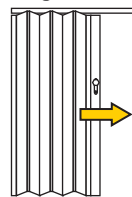

Panels can be added to increase door width. (NOT AVAILABLE FOR MONACO STYLE DOOR)

Top rail may need to be shortened to suit.

Concertina Doors must be installed **inside** the doorway or opening. full instructions in pack.

How to Measure

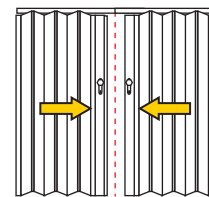

Single Door

Single door installation allows doors to open to the left or right.

Doors can reach up to **3.2mtr widths** using additional panels & headrails.

Double Door

Double door installation allows doors to close into the centre.

Doors can exceed **3.6mtr widths** using additional panels & headrails.

(EXTRA WIDTH NOT AVAILABLE FOR MONACO STYLE DOOR)
